Sandy Hook Speedway: Karting News

(STREET, MD) 1/5/2026 - Happy New Year! We hope everyone's start to 2026 has been great!

We are announcing the addition of the 206 Cadet class for the Sandy Hook Club Kart Series. With the input of some teams over the past 10 months and discussions within the SHS directing staff, time was spent looking at what is being offered by other series regionally & nationally (along with the other local tracks); it supported a serious consideration.

We have decided it is time to introduce the **"206 Cadet"** class.

From what we have seen with other tracks and series, the age bracket for 206 Cadet is 8-10 & 206 Sportsman ages 10-13. For Sandy Hook Speedway's club level racing in our region, we are going to keep 206 Cadet and 206 Sportsman both with the age bracket of 7-12. Keeping the wider range of ages for these 2 youth classes will make it easier and more inviting for anyone to join karting with less concerns. In addition, it will give new drivers a wider range of karts that are affordable and easy to get in to karting, allowing them to choose a Standard or Cadet chassis.

Here are the details for the new [206 Cadet class](#):

206 Cadet

Ages: 7-12

Engine: LO206

Min. Weight: 245 lbs.

Fuel: Pump 87

Restrictor: Red Slide

Chassis: Cadet Only

Tires: Open Tire Brands - Front 4.50 - 4.60 / MWW 5.625" Rear 4.50 - 4.60 / MWW 5.625"

Please note that a driver cannot sign-up/compete in both Cadet AND Sportsman the same day; they must choose one or the other.
