## MASK UP! #MarylandStrong

**STREET, MD (July 29<sup>th</sup>, 2020) – Sandy Hook Speedway Important Update!**

Hello everyone. We hope you are all staying healthy and well! We look forward to seeing everyone this weekend!

If you've been to Sandy Hook Speedway in the past few weeks, you know that we've asked you to maintain social distancing and to be respectful of others and to put on a mask if asked to do so.

Per Governor Hogan's press conference today (7-29-20), we are now being asked to all wear masks, even while outdoors, when it's not possible to maintain social distancing.

We are asking that you all bring masks with you so that you can put them on as needed, when you are unable to maintain social distancing at Sandy Hook Speedway.

Fortunately at Sandy Hook Speedway there is plenty of space to spread out and stay safe. But it will take extra effort on everyone's part to be aware of how closely you are standing to others and to put on a mask in those situations where you are not at least 6 feet apart. This includes the registration and cafe lines, as well as any situation where you are congregating with others in close proximity. We know it is going to be another warm weekend, so if wearing a mask is too restrictive or uncomfortable for you, then it is of utmost importance that you maintain a distance of 6 ft or more from others at all times.

If you are working within your own pit area with people that you share a home with, there is not a requirement to wear a mask. But if you are around family or friends that you do not live with, it's very important that you maintain a social distance or put on a mask.

We ask that you please be respectful of others as well as this policy. Please be understanding if someone asks you to give them space or if any member of the Sandy Hook Staff asks you to spread out if we see you congregating.

We are very happy that Maryland did not put any restrictions on outdoor gathering sizes, and we'd like to keep it that way. Following the rule of wearing masks if you cannot socially distance yourself from others is a very easy way to do our part and hopefully continue in a positive direction!

Best regards,  
Robert & Brianna Miller

### About Sandy Hook Speedway:

Sandy Hook Speedway opened in 1964. Still to this day it is a favorite of many Kart racers with 2-cycle & 4-cycle Karts. It's also a favorite of Mini Moto road racers of all skill levels & goals. Located in Street, MD, the track draws racers from states all over the east coast, including some mid-west states. Both tri-oval & road courses are paved asphalt with a 25 degree high-banked turn.
